Got feedback?

The Revoke multifactor authentication sessions control has been updated. Learn more at <https://aka.ms/RevokeSessions>.

Authentication methods are the ways users sign into Microsoft Entra ID and perform self-service password reset (SSPR). The user's "default sign-in method" is the first one shown to the user when they are required to authenticate with a second factor - the user always can choose another registered, enabled authentication method to authenticate with. [Learn more](#)
